20th September 2017

Dear Jay

Thank you for the question at Full Council on 19th September during the public forum, which was read aloud by Cllr Marianne Sullivan and reiterated below:-

Question: 'There seems to be a few groups on Face Book run by different members of the Council and are administrated as they see fit, rather than that of the whole Parish Council. In the interest of transparency and openness would it not be better to have one Face Book social media presents that represents the whole Parish Council administered by The Clerk? This can be open to all members of the community and the Clerk will hold administration rights to monitor the behaviour and general trend of the village.'

If this was acceptable could we call for a closure of the other sites that seem to represent personal interest and not that of the community?

Bembridge Parish Council Facebook and Twitter accounts should be launched on Friday of this week following the publication of the new website and will be administered by me as Clerk and the Assistant Clerk during office hours only. We cannot enforce the closure of other sites within the Community.

Yours sincerely

Emma Goldring
Clerk Bembridge Parish Council
